

XLIV ANNUAL MEETING

Chilean Society for Biochemistry and Molecular Biology 2021

Kick Off

June 30th

- **Symposium:** “*Latin America single molecule biophysics. A symposia in honor of Carlos Bustamante*”

Mid year Touchpoint

August 30th

- **Cono Sur Symposium:** “*When plant stress and development collides underground*”

SBBMCh Week

October 26th – 28th

- IUBMB Virtual Jubilee Lecture
- Cori Conference
- Severo Ochoa Conference
- Oral and Posters Research Sessions
- **Symposia:**
 - “*Emerging roles of the cytoskeleton in cellular functions*”
 - “*Emerging Viral Infections: Insight on mechanism, vaccines, and therapeutic approaches*”
 - “*Non-Coding Gets Louder: Essential role of ncRNAs in diverse cellular processes*”
 - “*Young scientists in molecular cancer research*”

Annual Wrap Up

December 10th

- **Symposium:** “*Open-Source Biotechnologies in Action: from research to application*”
- **Symposium:** “*Immunogenetics in Cancer*”
- **Awards:**
 - ✧ Hermann Niemyer Medal
 - ✧ Tito Ureta Award
- **SBBM members meeting**
