

The Next Generation in Infection Biology

All talks will be selected from applications by postdoctoral researchers in infection biology.

SESSION TOPICS

- Host-pathogen interactions
- Host and pathogen machineries and infection pathways
- Host genetics and immunology
- Clinical studies and pathogenesis
- Vaccines and antimicrobials
- Epidemiology modelling and open data platforms

The virtual conference will offer:

- Live-streamed talks and videos/CVs from the next generation of infection biologists
- Videos and representation from European infection biology organisations - more than 30 organisations from over 20 countries
- Networking sessions with scientists from the infection biology organisations

ORGANISERS

Pedro Beltrao
EMBL-EBI Hinxton, UK

Jan Kosinski
EMBL Hamburg, Germany

Nassos Typas
EMBL Heidelberg, Germany

Maria Bernabeu
EMBL Barcelona, Spain

Eva Kowalinski
EMBL Grenoble, France

26 – 27 Jan 2022

Virtual Conference

ONLINE REGISTRATION ONLY

s.embl.org/inb22-01

ABSTRACT SUBMISSION DEADLINE

3 November 2021

REGISTRATION DEADLINE

15 December 2021

REGISTRATION FEES

PhD Student/Postdoc	140 Euro
Academia/PI	190 Euro
Industry	240 Euro
